

## **COVID-19 FOOD HAMPER INITIATIVE**

As part of our social responsibility we are committed to distributing food hampers to areas, through various NGOs, which are highly affected with shortages of food. Due to the spread of novel Coronavirus (Covid-19) we have opened up our project to all customers and business partners who wish to contribute food hampers through KIT KAT with our supported NGOs.

The drive is aimed to supply food hampers to various NGOs based on their requirements. We will be running this drive on our website through online shopping platform. All donors are welcome to purchase hampers through our online shopping platform and email us details of their selected respective NGO where they would like us to deliver the hampers.

As an added service we will be publishing the name of the NGOs that we are supporting, on our website, with prior approval from such NGOs, which will assist potential donors who wish to contribute to any particular NGO.

We believe in solidarity and are working at the best of our capacity in this hour of need to address the issues raised by the spread of Coronavirus.
